

Retraction Statement

The authors of the article

Gan PP, Zhou YY, Zhong MZ, Peng Y, Li L, Li JH, entitled
"Endoplasmic Reticulum Stress Promotes Autophagy and Apoptosis and Reduces
Chemotherapy Resistance in Mutant p53 Lung Cancer Cells"
[Cell Physiol Biochem 2017;44(1):133-151, DOI: 10.1159/000484622]

have requested retraction on the following basis:

In light of the issues raised against the data and figures in this paper, after an internal investigation, the authors confirm that there has been no academic fraud concerning the raw data, and that all experiments have been conducted by themselves. However, in order to pursue academic rigor, all authors of the paper agree to retract the manuscript.
